

Bruest Sales provides flameless catalytic gas-fueled heaters and heater-packages for space and item heating in hazardous locations including **Freeze-Fiter** for instrument air and gas heating and the new **Hot Cat**, a quiet, efficient, environmentally safe alternative to the water bath heater.

Represented by Kerr since 1963. www.bruestcatalyticheaters.com

Pietro Fiorentini offers a full line of natural gas regulation equipment and skids. Products include the **Aperflux**, **ReFlux**, **Aperval** and **Norval** line of regulators for gas production, distribution and transmission.

Represented by Kerr since 2006. www.fioussa.com

Peerless / Burgess-Manning provides a full range of gas separation and filtration equipment, skidded gas conditioning systems, pulsation control equipment, gas odorization equipment, selective catalytic reduction (SCR) systems, marine suction Air Filtration Equipment. www.peerlessmfg.com

Burgess-Manning, Inc. provides a full range of industrial silencers used throughout the world to control the noise associated with a wide range of industrial processes. Our product offering includes; vent and blowdown to atmosphere silencers, in-line control valve/regulator silencers, intake / exhaust for engines, compressors, fans and blowers, vacuum pump silencer-separators, and flare stack silencers. www.burgess-manning.com

ALCO Products offer complete engineering and fabricating services to meet all of your heat exchanger needs from double pipe and multi-tube hairpin exchangers to shell and tube exchangers. www.alcotwin.com

Bos-Hatten manufactures and designs custom shell & tube heat exchangers with thermal and mechanical warranties. Manufacture of shell & tube heat exchangers and pressure vessels. Integration of Burgess-Manning separation & silencing technology into our heat exchangers when requested. www.bos-hatten.com

Represented by Kerr Since 1952

T.D. Williamson, Inc.

T. D. Williamson, Inc.

- Hot Tapping equipment • STOPPLE and SHORTSTOPP Line Plugging Systems
- Plugging Fittings • Pipeline Casing Seals and Insulators • PE Plugging System
- Keyhole Technology • Leak Clamps

TDW Services

- Hot Tapping • Plugging • Turn Key Services • Final Stop

TDW Freeze Service

- Freeze Plug Services for liquid pipelines 1/2" - 48"
- Freeze-All Kits for 1/8" - 6"

TDW Pigging Products

- Pipeline Pigs and Pigging Systems • Standard and non-intrusive PIG SIGS
- Pig Launchers and Receivers • Threaded and Clamp-Ring Closures

TDW Pipeline Integrity Products & Services

- MagFlux Pigging Service • MFL, Deformation and Kaliper Tools
- Mechanical and detergent cleaning of pipelines • Hydrostatic testing
- Pig Launcher and Receiver rentals • Turnkey line testing
- Turnkey Inspections
- Res-Q Wrap

Represented by Kerr since 1952. www.tdwilliamson.com

Smithco Engineering manufactures air cooled heat exchangers, finned tube bundles and finned tubes.

Represented by Kerr since 1995. www.smithco-eng.com

Val-Tex furnishes complete line of valve flush, lube sealants and lubricants. Val-Tex also provides valve lubrication equipment: hand, air, or air/hydraulic operated machines and a complete line of valve lubrication fittings.

Represented by Kerr since 2003. www.valtex.com

Pikotek is the world's leading manufacturer and distributor of critical service flange gaskets, spring-energized jacketed seals and electrical flange isolation kits (cathodic protection) for the oil and gas production, processing, gas transmission, pipeline, power generation and utility industries. Represented by Kerr since 2008.

www.pikotek.com

JJ Crewe has been engineering and constructing gas compression and industrial refrigeration systems known for their quality, dependability, ruggedness and value. Our core business is engineering, fabricating and delivering systems customized for the needs of our clients and built for critical service in challenging environments.

Represented by Kerr since 2009. www.jjcreweandson.com

Who is Kerr Engineered Sales Company?

Kerr Engineered Sales company represents specialty "Manufacturers" and "Providers of Service" on an exclusive basis to Industries within the Northeast quadrant of the United States.

PRODUCTS and SERVICES for **PIPELINES, UTILITIES and INDUSTRY**
